RENEWED PETITION UNDER 37 C.F.R. § 1.137(B)

Mail Stop Petition
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicants submit this Statement as an attachment to the Petition For Revival Of An Application for Patent Abandoned Unintentionally Under 37 C.F.R. § 1.137(b) (Form PTO/SB/64) to revive the above captioned application. The abandonment was unintentional.

The abandonment was due to failure to timely file the issue and publication fees. Applicant submitted the issue and publication fees via facsimile on January 30, 2006. A copy of this submission is enclosed as Exhibit A. The docket clerk mistakenly sent this document to the previous facsimile number for acceptance of issue fees. The previous facsimile number had been coded into the facsimile machine for automatic transmittal. The docket clerk was not aware that a new facsimile number had been issued, therefore it was not coded into the machine. Although the fees were timely authorized and transmitted, they were not received by the Patent Office.

Applicant filed an original Petition to Revive on April 24, 2006. A copy of this submission is enclosed as Exhibit B. The original Petition was dismissed on September 6, 2006. This Renewed Petition is promptly and diligently filed within two months of the date of the Decision on Petition.

Applicants respectfully request that all necessary fees be charged to Deposit Account 50-0568.

Respectfully submitted,

Maria C. Gasaway

Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number.

PETITION FOR REVIVAL OF AN APPLICATION FOR PATENT ABANDONED
UNAVOIDABLY UNDER 37 CFR 1.137(a)

3. Terminal disclaimer with disclaimer fee

- Since this utility/plant application was filed on or after June 8, 1995, no terminal disclaimer is required.
- A terminal disclaimer (and disclaimer fee (37 CFR 1.20(d)) of \$ _____ for a small entity or \$ _____ for other than a small entity) disclaiming the required period of time is enclosed herewith (see PTO/SB/63).

4. An adequate showing of the cause of the delay, and that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition under 37 CFR 1.137(a) was unavoidable, is enclosed.

WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

DIRECTOR IS HEREBY AUTHORIZED TO CHARGE REQUIRED FEES TO US DEPOSIT
ACCOUNT NUMBER 50-0568

Applicant submitted the issue fee and publication fee via facsimile on January 30, 2006. A copy of this submission is enclosed as Exhibit A.

The docket clerk mistakenly sent this document to the previous facsimile number for acceptance of issue fees. The previous facsimile number had been coded into the facsimile machine for automatic transmittal. The docket clerk was not aware that a new facsimile number had been issued, therefore it was not coded into the machine. Although the fees were timely authorized and transmitted, they were not received by the Patent Office. It had been assumed that the documents were successfully transmitted until the docket clerk checked the status of the application on PAIR.

This Petition is being filed diligently upon Applicant's detection of clerical error.
